

## Ode to the Dragonfish

Ode to the dragonfish  
King of the ocean's depths,  
Shadowy torpedo  
Show the way,  
Sometimes complete  
Darkness,  
Then light the path  
With your bioluminescence.  
Oh spy of the deep  
You can see through  
The void  
With crimson ghostly  
Light.  
No other creature  
Can do such a thing.  
Ode to the dragonfish,  
Small,  
But vicious,  
Only you  
Can barrel  
Through the ocean's  
Darkness.  
Oh dragon of the  
Great beyond,  
Surge forth  
In glorious majesty,  
Furious king of all  
Only you  
Can rip through the  
Water.  
Surge forth  
Oh dragonfish!
